	PAGE
Abdomen, compression of, for the cure of ascites	224
——— sarcocele of, and encephaloid tumour in	303
——— surgery of	353, 385
——— spontaneous opening in	791
Abdominal surgery, Dr. Blundell's great improvements in	161
——— operations, remarks on	196
——— aorta, aneurisms of	633
Aberdeen, medical fees at	592
Abernethy, Mr., note from	186
——— his treatment of spinal curvature	425, 585
——— defence of	704
Abortion, observations on attempts at	54
——— ergot of rye in	365
Abscess, of the thigh	28, 794
——— of the spine	183
——— of the ham	252
Abuses at St. Bartholomew's; smuggled *post-mortem* examinations	337
——— in Guy's Hospital; broken promises	361
——— irregularities of attendance	766
——— at St. Thomas's Hospital; improper diet scale	53
——— in the female ward	158
——— in the venereal ward	240
——— at the Westminster Hospital; irregularities of attendance	320
Academy of Sciences; report of M. Foville's researches	105, 169
Accident, violent, singular recovery from an	653
Acetate of lead, medicinal effects of,	147, 200.
——— case of poisoning by	234
——— introduction of, into the veins	325
——— of morphine, effect of, on healthy persons	190
——— poisoning by	391
Acoustics, remarks on	426
Adder, bite of	78
Adhesive straps, improved form of	400
Adulterated flour, test for	487
Adulterations of quinine, tests for	80, 365
——— of bread	607, 657
Ague, leaping, case of	185
Ainger, Mr., on the steam-engine	526
Air, fresh, general advantages of	100
——— change of, advantages of, in chorea	259
——— infusion of, into the veins, fatal	324
Aloe plant, inflammation from prick of	699
Alum, adulteration of bread with	607, 657
Amenorrhœa, treatment of	98
——— with hysteria and erysipelas	126
——— of the adult	515
American Medical Recorder, extracts from	141, 330
Ammonia vapour in poisoning by prussic acid	738
Amnesia, case of	332
——— from a fall	356
Amussat, M., new mode of arresting bleeding, by	580, 616, 673, 735
——— failure of an experiment after his mode	743
Anæsthesia, case of	184
Anatomical Committee, Dr. Macartney's evidence before	262, 294
——— dissections, general remarks on	120
Anatomists, Dublin, monopoly of	31
——— plan for procuring bodies for	553
Anatomy Bill, Mr. Warburton's, monopolizing character of	15
——— necessity of firmness on the part of Mr. Warburton	55
——— origin of	150
——— gross injustice to country practitioners	175
——— suspiciously short work made of it	182
——— copy of	205
——— fatal imperfections of	210

PAGE

Anatomy Bill, tendency of its requisitions 238
——— disgraceful rider attached to 241
——— copy of, and remarks on its unjust rider 273
——— or "bill to prevent country surgeons from studying anatomy" 306
——— petition of Mr. Wakley against 306
——— letters protesting against 319
——— unanimous rejection of, in the Lords 338
Anatomy of the vaginal cavity 133
——— of the duodenum 339
——— theological, letter on 623
——— lecture on, by Dr. William Hunter 769
Andersonian University, criticisms on the 749
Aneurism of the aorta, "*bruit de soufflet*" in, and cases of, 2, 304, 538, 575, 607, 633, 635.
——— of the arteria innominata.. 607
——— tying subclavian in, by Mr. Wardrop 788
——— of the thoracic aorta 287
——— of the right subclavian, case of 447
——— of the abdominal aorta 633
——— by anastomosis, case of, treated by vaccination 237
——— on the forehead cured by ligatures 559
——— of the popliteal artery 670
——— treated by temporary ligature 134
——— of the basilar artery 727
——— of the carotids, on operating for 636
——— treatment of, by application of clay 293
——— state of the arteries many years after..... 581
——— temporary ligature for cure of 601
Animal magnetism, discussion on, in the Academie Royale 198, 293
——— Mr. Chenevix's operations in, at Bartholomew's Hospital 341
——— attempts at, in France 384
Animal matter, test for 487
Animals, living, great age of some .. 76
——— on the circulation of, in the lower 105
——— extirpation of the spleen in 230
——— transfusion of the blood of, into the veins 326
——— tenacity of life in 357
Anodynes, value of, in carcinoma of the uterus 194
Anomalous case 126

PAGE

Anomalous affections in intermittent fever 174
Anthelminthics, varieties of..... 721
Antidote to acetate of lead..... 149, 200
——— to prussic acid..... 737
Antiphlogistic measure, value of, in hypertrophy 632
——— in aneurism.. 633
Antrum, cancer of the 624
——— inflammation in the 654
Anus, imperforate, and artificial.... 47
——— case of protrusion from..... 237
——— child born at the 355
——— passage of a tenter-hook by.. 366
——— description of the, in females 641
Aorta, aneurism of the.... 304, 538, 575, 607, 633, 635.
——— abdominal, aneurism of..... 633
——— ascending, aneurism of,..538, 633
——— thoracic, aneurism of..... 287
Apoplexy, case of 445, 797
——— juridical questions on death by 87
——— remarks on 708
Apothecaries' Company, scheme of examination of the 82
——— examination of the "unqualified refutation" of 145
——— analysis of the regulations of 178
——— treatment of students by 224
——— neglect of duty by 359
Apothecaries, letter on the craft of 429
——— Irish, merit of..... 61
——— encroachments on the practice of..... 448
——— unfair dealing of the Company of..... 639
——— Act, in Ireland, debate on 255
——— Company, in Ireland, remarks on 300
Apparatus for injecting the vagina.. 100
——— for examining the blood 450
——— for the treatment of spinal curvature 711
Archer, Mr. W., coroner's inquest on 242
Apprentices, Apothecaries', breach of faith with..... 120, 172
Arm, fracture of the....31, 189, 605, 634
—— inflammation of, from the prick of an aloe 609
—— laceration of the..... 125
—— presentation, case of..... 250
——— case of amputation in 270
—— presentations, remarks on 298
—— tumour on the..... 575, 344
Arms of a child, amputation of, during labour 7
Arnold, Dr., on auricular ganglion.. 197

PAGE

Arnott, Mr., on inflammation of the veins 854
Arsenic, use of, in intermittent fever 314
——— case of poisoning by 612
——— effect of, in elephantiasis .. 612
Arterial fibrous tunic, non-muscularity of 2
——— system, disorder of the..... 670
Arteries, state of, many years after aneurism 581
——— carotid, on the operation of aneurism for..... 636
——— trimming of, after amputation 636
——— torsion of, to arrest hæmorrhage.....580, 610, 673, 735, 743
Artery, popliteal, aneurism of.. 134, 670
——— abdominal, tying of 163
——— subclavian, tying of, in fungus hæmatodes 209
——— ligature of the right subclavian 447
——— common carotid, tied..... 570
——— aneurismal, temporary ligature to 601
——— external iliac, ligature of .. 607
——— femoral, ligature of the .. 670
——— basilar, aneurism of the .. 727
Artichokes, enlargement of 488
Artificial anus 47
Ascites, treatment of, by compression 224
Asphyxia, mode of recovery from .. 272
——— case of 725
Assistants, medical state of 433
Asthenic diseases, blistering by phosphorus in 261
Asthma, cure of, by the lobelia inflata 244
——— spasmodic, case of 376
——— periodical, case of..... ... 506
——— cure of, by tar vapour 524
Astringents, employment of, on the genitals 100
——— remarks on, in prolapsus ani 291
——— injection of, into the veins 325
Asylum for the recovery of health .. 690
Atmosphere, effect of, on the blood of the lower animals 104
Atmospheric pressure, effect of, on vegetation..... 112
Atrophy of the right hemisphere of the brain 260
Auricular ganglion, description of .. 197
Axilla, tumour of 351

B

Back, adipose tumour of the 350
——— and placenta, presentation of 677
Bailey, Dr. F., experiments of, on urine 442
Bainbridge, Mr. J., on medical pesthouses 565

PAGE

Baker, Mr. J., letter from, 271, 303, 416
Bakers, London, formula of 657
Balsam of copaiba, suppression of offensive qualities of 384
Bardsley, Dr., case of dropsy by .. 185
Bark, value of, in intermittent fever 313
——— injection of decoction of, into the peritoneal sac of rabbits..... 354
——— consumption of, at Rome..... 632
Barometer, zoological 490
Barrenness, excellent remedy for .. 245
Basilar artery, aneurism of 727
Bath, warm, advantages of early, in hernia 80
——— advantages of, in chorea 259
——— water, analysis of 110
Bathing, effect of, in elephantiasis .. 611
Bats, great temptation held out to .. 75
——— destruction of the race of ... 689
——— classification of 489
Bean, lodgment of, in the trachea 333
Beardsall, Mr. D., removal of hæmorrhoidal excrescence by 237
Belladonna, use of, in scarlet fever.. 135
Bellamy, Mr. P., case of bronchocele by 406
Bengal Medical and Physical Society, anniversary dinner of..... 674
Bennett, Mr., Review of Questions proposed by, to his Anatomical Class 339
Berwickshire, quackery in 614
Bidwell, Mr. T., case of lithotomy on the horse by..... 687
Biett, M., on elephantiasis 609
Bile, injection of, into the veins 326
Biography of Dr. Hennen..... 44
——— of Sir H. Davy 366
Births, proportion of, between males and females in France 42
Bite of an adder 78
——— of a viper..... 507
——— of a snake 700
——— of a mad dog 509
——— ——— remedy for 544
Bittern, light emitted by 400
Blackmore, Dr., on medical statistics 184
Blackstone, extract from commentaries of..... 668
Bladder, tumour in the 128
——— excision from the, in rabbits 354
——— rupture of the .. 163, 408, 476
——— extraction of a piece of bougie from..... 537
——— ——— puncture of..... 793
Blainville, M., remarks of, on the nervous system 107
Bleeding in the cold stage of intermittent fever.....203, 310, 336
——— from leech bites, mode of suppressing 400
——— new method of arresting.. 580, 616, 673, 735, 731.

PAGE
Bleeding, benefit of, in poisoning.... 598
——— effects of, in poisoning by prussic acid 739
Blindness, sudden occurrence of.... 104
Blistering with phosphorus 261
Blisters in periodical hemicrania, 204, 302.
Bloomsbury Dispensary, election at, 566, 618.
Blood, motion of 4
——— properties of 60
——— effect of various agents on .. 103
——— of snails, nature of..... 104
——— state of, in purpura hæmorrhagica 151
——— as a criterion in disease 184
——— of the spleen, remarks on .. 230
——— curious affection of..... 382
——— experiments on the composition of 450
——— effusion of, in a case of pleuritis 412
——— into the nymphæ 705
——— under the skin of the leg 706
——— transfusion, history of..... 284
——— best mode of transfusing 321
——— apparatus for transfusing.... ib.
——— remarks on transfusion of, into the veins 326
——— discussion on fluidity of, after death.....46, 48
——— vitality of the, 48, 118, 151.
——— vitality of, remarks on Dr. Whiting's opinions on 139
——— reply to the remarks on Dr. Whiting's opinions on 20
——— rejoinder to the reply..... 271
——— remarks in favour of 204
Blow, emphysema of the eye-lids from 155
——— indurated testicle from 189
Blundell, Dr., on polypus of the uterus..... 65
——— on inversion of the uterus 65
——— on polypus of the uterus after delivery 98
——— on chronic inversion of the uterus..... ib.
——— on leucorrhœa 99
——— on malignant disorganisations of the uterus 129
——— on the morbid anatomy of the uterus ..... ib.
——— on the character of the malignant ulcer of the womb..... 131
——— on the character of the malignant efflorescent growth, or cauliflower excrescence..... 131

PAGE
Blundell, Dr., on the character of fungous excrescence 132
——— on the character of malignant ulcer of the uterus in its inflammatory stage 133
——— on the anatomy of the upper part of the vaginal cavity .. ib.
——— on the treatment of carcinoma of the uterus..... 161
——— on the operative treatment of the malignant changes of organisation ..... ib.
——— some account of his admirable "physiological and pathological researches" ..... ib.
——— on the various operations which fall under the head of abdominal surgery—division and removal of the ovaries, the cyst in ovarian dropsy, the cancerous womb, the puerperal uterus, &c. ib.
——— on the treatment of malignant disorganisation of the genitals..... 194
——— on the efflorescent or cauliflower excrescence 195
——— letter from, with the post-mortem examination of Mrs. Moulden 215
——— on the appearance in the ovaries 225
——— on moles and hydatids, and other substances which form in the uterus 226
——— on the hæmorrhoids of women 289
——— on prolapsus ani..... 291
——— remarks on his opinions on ovarian dropsy 299
——— description of his gravitator for the transfusion of blood 321
——— observations of, on the transfusion of blood..... ib.

——— on œdema and excrescences of the vulva 706
——— on enlargement of the nymphæ and clitoris 707
——— on obstructions of the vaginal orifice ..... ib.
Bodies, unclaimed, in the Grampus .. 15
Body, sudden changes in the 136
Bones, general softening of 632
——— flat, formation of 638
——— maxillary, diseases of 654
Bonn University, clinic of 603
Bonnycastle, Professor, new views in electricity by 110
Botany, importance of, to medical practitioners 336
——— medical garden of, in London 721
Bottomley, Mr. G., case by, of ear of rye swallowed 238
——— case by, of tenter-hook swallowed 366
Bougie, piece of, extracted from the bladder 537
Boultbee, Mr. H., case of hæmorrhage by 80
Bowels, extensive disease of 405
Boy, physical precocity in a 650
Bradfield, Mr. W., case of protracted labour by 88
——— case of iodine in dropsy by 368
——— case of bronchocele by 614
Brady, Mr. C., case of hydrophobia by 339, 374
Brain, anatomy of 105, 166
—— faculties of 332
—— physiology of 535
—— compression of, without coma, 13, 144.
—— concussion of 92, 156, 445
—— atrophy of right hemisphere of 260
—— softening of, following apoplexy 445
——— following disease of the heart 446
—— hæmorrhage of 708
Brande's Quarterly Journal, review of 73, 109, 485, 526
Bread, adulteration of 607, 657
Bremser, Dr., opinion of, on intestinal worms 694, 716
Breast, encysted tumour of 349
——— carcinoma of .. 408, 508, 560, 605 735, 765.
Breasts, discharge of urine from 453

PAGE

British College of Surgeons, proposed, remarks on 660
——— prospectus of 662
Brodie, Mr. B. C., case of aneurism cured by ligatures by 559
Bronchus, removal of a sixpence from the right 661
Bronchocele, efficacy of iodine in, 406, 614, 647.
Broussais, M., remarks on his doctrines 102
——— case of gastro-entero cephalitis by 714
Bruit de soufflet, causes of 1, 33
Buckskin ligatures, advantages of .. 141
Buffy blood, new theory of 8
——— remote causes of 10
Bureau Central d'Admission, Paris, election at 5
Burk, post-mortem appearances of a body murdered by 36
——— cerebral development of, 435, 468
Burnett, Mr., on vegetable metamorphosis 487
——— on bats and their allies 489
Burns, effect of nitrate of silver in .. 116
Bursa, enlarged, of the knee joint .. 157
Butterflies, sexual instinct of 112

C

Cabbage leaves, use of, in phlegmasia dolens 141
Cachexy, death from 385
Cæsarian operation, remarks on 163
——— performance of, 192, 386, 630, 790.
——— after death 702
Calculi, numerous, in a gall bladder 599
——— great number extracted 767
Calculus, instruments for breaking down 568
Calcutta, medical dinner at 674
Calf, reunion of the 400
—— effusion of blood under the skin of 706
Calomel in purpura hæmorrhagica, 12, 94, 300.
——— utility of in pleuritis 27
——— introduction of into the veins 325
Camberwell, attempt to establish a puff shop at 465
Canal, intestinal, follicular inflammation of 310
Cancer of the face 622
——— of the eyelids and contents of the orbit 622
——— of the lower lip 348, 623, 675, 796
——— of the alveolar membrane of lower jaw 623
